

REMARKS/ARGUMENTS

The various amendments to the specification and claims of this application are made to correct grammatical and spelling errors and to more particularly point out and distinctly claim aspects of the present invention. These amendments are not made for the purposes of patentability and should not be construed to limit the scope of the claimed invention including equivalent subject matter. No new matter has been added to the disclosure by this amendment.

Respectfully submitted,

Chernoff, Vilhauer, McClung & Stenzel, LLP
